

Heat Seal Clothing Labels Heat Seal Machine

CLOTHING LABELS

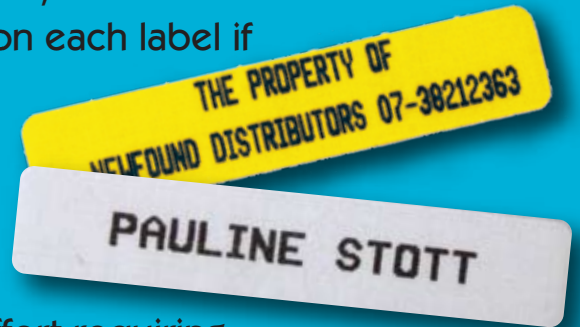

Labels can be ordered with the resident's name, and also the facility name and phone number can be put on each label if required.

Either one line or two lines of information can be printed onto the labels.

There is also a choice of colours available.

Labels are applied to clothing with minimal effort requiring only 10 seconds to bond with the heat seal machine. Strong lasting bond achieved through the combination of time, temperature and pressure pre-set in heat seal machine.

No minimum or maximum

ORDERING LABELS

For your convenience there is an order form on the back for those facilities who own their own heat seal machine.
